

WEBTHON 2018

An investment opportunity to empower 120 Church Leaders within the next 13 months to train and equip about 2 000 Refugees with Audio Bibles and skills in Disciple making.

We and the rest of our Team are participating in helping Refugees. We would be so pleased to have you join in. As you may know, SAAWE focusses on Church Leaders, especially those in difficult situations. We have trained them to train Refugees in South Africa and 20 other countries worldwide. We know you are interested in these issues and hope you will also be able to take part. SAAWE would like to raise R2,025 million by 04 December 2018 to help some of the 25 million Refugees in the coming months and year. As you might appreciate the opportunity to give others a chance to stand up and blossom and help bring change, we invite you to take hands with us.

The situation in Idlib, Syria is very volatile at the moment. It lies right next to Turkey and about 3 million more refugees are expected to stream into Turkey very soon.

You may well know of some others who would also appreciate this investment opportunity. Please feel free to forward this letter to them. We will keep you updated with the Progress.

Two supporters have donated a Painting and a Chess Jacket to auction. Please bid above.

Thank you for your consideration.

Best wishes

Murray Louw. CEO
